

Critical Illness Insurance

CHUBB®

Add Critical Illness coverage—
to your health insurance plan

Financial protection when you need it most, in addition to what health insurance pays

Critical illnesses don't give you time to prepare. Heart attacks, cancer and strokes happen every day, and often unexpectedly. They can take a serious toll on both your physical and financial well-being.

That's where critical illness protection can help. Critical Illness insurance helps you deal with the costs associated with a critical illness so you can maintain your lifestyle and focus your energy on getting better. The plan pays a lump sum cash benefit for covered conditions, in addition to what health insurance may pay.

If you're like most people, being diagnosed with a critical illness can be overwhelming, even scary. The last thing you want to worry about is money.

Critical illnesses have a significant impact on your finances

When a critical illness happens your health insurance plan may cover some of your medical and hospital costs, but not everything. You and your family need extra protection that closes the financial gap and helps you manage expenses, such as:

- Out-of-Pocket Medical Costs—deductibles, copays, coinsurance, prescriptions, and medical travel
- Everyday Costs—rent or mortgage payments, credit card debit, car payments, household necessities, and savings for college & retirement
- Recovery Costs—loss of income, rehabilitation, and childcare or parent care

Here's how a check for \$20,000 can help

Chubb Critical Illness insurance pays you cash immediately. Upon diagnosis of a covered condition¹, we send a lump check directly to you. You can use your cash benefit however you choose—to help with your everyday living expenses, pay your out-of-pocket medical costs or replace lost income. Your benefit is paid in full regardless of any other insurance you may have.

How it works

When you are diagnosed with a covered condition¹, submit your claim and we'll quickly send you a check. It's that simple. You can use your money however you choose.

Triple Benefit

If you are diagnosed with a covered condition and unfortunately get sick again with another covered condition, you're still covered (provided the diagnoses are at least six months apart). With Triple Benefit, you can receive up to 3 times the Face Amount for each person you choose to cover. That means if you choose a \$20,000 Face Amount, you can receive as much as \$60,000 in cash.

Triple Benefit in Action (example)

<i>\$20,000 Face Amount x 3 = \$60,000 Total Maximum Benefit</i>	
Heart Attack Diagnosis	\$ 20,000
Stroke Diagnosis	\$ 20,000
Coronary Artery Bypass	\$ 20,000
Total Benefit	\$ 60,000

The Critical Illness Benefit can be paid once per covered condition up to the Maximum Benefit Amount. Covered conditions must be diagnosed at least six months apart.

This example is hypothetical and is solely to illustrate a situation that can result in benefits payable for a claim. It is not based on an actual claim and should not be compared to an actual claim.

¹Covered condition must be diagnosed after the Certificate Effective Date.

Covered Conditions

Standard conditions

Cancer (Life Threatening)
Carcinoma In Situ (25%)
Coronary Artery Bypass (25%)
Heart Attack
Major Organ Transplant
Skin Cancer (\$250)
Stroke

Valuable Benefits

With Chubb Critical Illness insurance, you get even more than a substantial lump sum cash benefit. To help you avoid financial hardship and ease your recovery, you get these innovative benefits too:

Wellness Benefit

Health screening tests can help diagnose a condition early or prevent an illness altogether. After coverage is in force for 30 days, this benefit pays you \$50 after you have a covered health screening test (paid once annually per covered person).

Critical illnesses change life in an instant. Let Chubb Critical Illness help protect you from financial hardship while you recover.
